Dear Secretary Zinke,

We are writing to invite you to present at our annual conference, February 28-March 2, 2019.

We are happy to work with your staff to determine a particular date and time that works best with your schedule. Total attendance for our conference averages around 10,000 people. Numerous officials from the Executive and Legislative branches of government appear in their official capacity every year.

Of course, this is a 501(C)(3) educational conference, so speakers must refrain from engaging in any electioneering, endorsing of candidates or other party-related politicking.

With the digital world changing so rapidly, with our international alliances shifting significantly and cultural norms being questioned daily, it is important for all Americans to better understand what our government intends to do to protect our individual and national sovereignty.

Your voice is an important one and we hope that you will consider speaking. Please do not hesitate to reach out to me, or my staff, if you have any questions.

Sincerely,

Matt Schlapp
