

Confidential Price List and Discount Sheet

No. 117-A

January 22, 1925

NOTICE

This folder contains important changes in the prices of a number of our products. These are effected by the sharp advances in Linseed Oil, White Lead and other essential raw materials. Advances made do not cover the entire increase in our costs and we consider the raw material market as very firm. A continuance of present conditions will make further advances necessary.

Several additions to our line of products are listed herein for the first time as: Antoxide Gray, Asbestos Roof Cement Liquid (Seal-M-Tite) Red and Green, Asbestos Roof Cement Paste (Seal-M-Tite) Black and Shingle Stain Gray, Bronze Green and Rich Red.

Please insert this price sheet in your copy of Price List No. 117-A. All prices subject to change without notice.
