Gentlemen:

We are actively interested in protecting the health and safety of our employees against potentially hazardous or toxic materials. Frequently the necessity to know this potential arises in order to institute proper controls or treatment.

Enclosed is The Carborundum Company Toxicological and Safe Handling Data Sheet. This will be used to catalog the materials used at Carborundum, with the intention to define potential hazards and give precautions and emergency instructions for each material. To assist us we would appreciate it if you would complete the form.

As stated on the form, any information given will be kept confidential, and will be used solely for the purpose of ensuring the health and safety of our employees, and the safeguarding of our property.

We will appreciate your cooperation.

Very truly yours,

Donald W. Smith
