My dear Bob:

Thanks very much for your letter of November 25th. I am in entire agreement with you that activities outside of the United States and Canada by the Safety Committee should be carried out through those people in charge of the existing work and I think I can straighten the matter out with Lewis.

The man to write to at Kure Beach for samples of sea water is Mr. C. M. Shigley, Ethyl-Dow Chemical Company, Kure Beach, Wilmington, North Carolina, who will, I am sure, be glad to supply you with just what you want.

With kindest personal regards, believe me

Very truly yours,

Graham Edgar.
