Re: Paul James Marfice, et al. vs. A.P. Green Industries, Inc., *et al.*; Jackson County, Missouri; Case No. 99-CV-206658, Division 14

Dear Steve:

Jack Fleming, Executive Vice-President of Bondex International, Inc., has conducted an exhaustive search of Bondex documents in an effort to respond to your subpoena duces tecum served with your notice of deposition in the above referenced case.

In my prior letter to you, dated November 17, 1999, I told you that Bondex did not believe that it ever distributed powdered texture paint to J.C. Penney. We were incorrect. Mr. Fleming has confirmed that we did distribute to J.C. Penney powdered texture paint.

Secondly, to the best of Mr. Fleming's knowledge, Bondex has never had any relationship with either Magicolor or Enterprise Paint.

Finally, Bondex had a private labeling agreement with J.C. Penney involving a limited number of asbestos-containing products. Attached are all of the documents Mr. Fleming was able to locate in response to your subpoena duces tecum regarding the private labeling agreement between Bondex and J.C. Penney. The documents are categorized in the following manner:

1. JC00001 – JC00004: cost sheets and accompanying correspondence.

2. JC00005 - JC00023: code descriptions for product formulae.

3. JC00024 – JC00026: formulae for water putty.

4. JC00027 – JC00032. formulae for SX joint cement (which was sold in 5lb. packages and 15lb. Bags).

Please give me a call at your convenience.

Sincerely,

Steven B. Crick
