cc: RKE

As requested in your February 28, 1984, memorandum, I have reviewed the proposed letter agreement modification to the Stauffer Oxychlorination License.

I am in concurrence and agreement with the document and recommend its execution.

Funding for the outstanding \$233,250 payment to Stauffer has been allocated within the VCM Plant Modernization AFE. Please inform me of the date of acceptance of the Letter Agreement so that payment can be made to Stauffer within 30 days as required.
