

INDEX

<u>Accident(s)</u>		<u>Burns</u>	
on the farm	416	electrical, management	361
prevention in the cowshed	417	silver nitrate in treatment	362
<u>Acetone, de termination in air</u>	402	<u>Byssinosis</u>	
<u>Acetone-phenol in air, joint effect on man</u>	373	discriminant function analysis as aid to	
<u>Aerosol(s)</u>		diagnosis in flax workers	387
size distribution of sulfur-containing	414	in waste cotton industry	386
<u>Air pollutants</u>		<u>Cancer</u>	
peroxyacetyl nitrate (PAN), inhalation of	409	mouth and pharynx, association with alcohol	
recovery of odor by activated carbon	411	and tobacco	347
<u>Air pollution</u>		<u>Carbon disulfide</u>	
contamination of building by air filters	415	effect on immunological reactivity of the	
control		body	377
review of early history	405	<u>Carbon monoxide</u>	
sulfur removal	412	ultrastructural effects on rat lung	367
measurement(s)		<u>Carbon tetrachloride, poisoning</u>	
emissions from heavy duty boilers	406	acute renal failure	375
non-steady flow in industrial vents	407	<u>Chorpheniramine</u>	
portable combustion analyzer	408	in allergic immunization	354
Proc. Conf. Atmospheric Contamination		<u>Cowshed, accident prevention in</u>	417
in Confined Spaces (bk. rev.)	325		
regional warning system	404	<u>Decompression illness</u>	
research and current trends	403	recent findings in pathogenesis	396
<u>Alcohol(s)</u>		<u>Dermatitis, dermatosis(es)</u>	
and		charring of warts	366
amphetamine, combined effects on		from	
human performance	332	tobacco smoke	364
tobacco, association with mouth and		resin in a car factory	363
pharynx cancers	347	penicillin hypersensitivity	365
effect on human visual thresholds	331	<u>Dust(s)</u>	
<u>Alkali burns of the eye</u>	360	cytotoxicity and fibrogenicity of quartz	389
<u>Allergy(ies)</u>		<u>Dust collector(s) collection</u>	
chlorpheniramine in immunization	354	glass fabric baghouse	385
injection therapy in ragweed hay fever	339	<u>Dust counting, determination</u>	
<u>Amphetamine and alcohol, combined</u>		acoustic particle counter	383
effects on human performance	332	<u>Dust sampling, samplers</u>	
<u>Amyl nitrite</u>		inertial-type particle separator	384
effect on arteriolar and venous tone	355	<u>Electrical injuries</u>	361
<u>Arteriosclerosis, can it be prevented?</u>	344	<u>Electronystagmography, clinical application</u>	337
<u>Asbestos</u>		<u>Emphysema, equine</u>	
biological effects of (bk. rev.)	323	centrilobular	357
electron microscope studies in man and		spontaneous	358
animals	395	<u>Exhaust gases, automotive engines</u>	
pollution caused by	393	emissions from carbureted and timed-port	
<u>Asbestosis, immunobiological shifts</u>	394	fuel injected engines	401
<u>Atherosclerosis</u>		<u>Eye, strong alkali burns</u>	360
physician's incomplete guide to	345	<u>Farm safety</u>	416
<u>Automobile</u>		<u>Farmer's lung, a review</u>	388
safety of drivers with chronic disease	418	<u>Farming</u>	
<u>Benzedrine and alcohol</u>		accident prevention in the cowshed	417
combined effects on human performance	332	<u>Filter(s)</u>	
<u>Benzene poisoning</u>		contamination of building by	415
study of adrenal cortex function	378	polyurethane foam for respirable dust	382
<u>Bone calcium levels</u>		<u>Flies and disease</u>	352
determination in weightlessness	335	<u>Food and Drug Administration (FDA)</u>	
<u>Books</u>		official pesticide tolerances, through	
bioastronautics and exploration of space	326	Dec. 31, 1965 (bk. rev.)	324
biological effects of asbestos	323	<u>Foundry workers, rheumatism in</u>	343
closing gaps in availability of health services	327	<u>Fuel oil, cost of desulfurizing</u>	413
official FDA pesticide tolerances, 1965	324	<u>Fungus infection(s)</u>	
Proc. Conf. Atmospheric Contamination in		pulmonary aspergillosis	350
Confined Spaces	325		
<u>Bronchitis, racial differences in incidence</u>	338
