Dear Dr.Bateman,

With reference to your letter of the 10th January,
the Home Office have approved of the

Seibe Gorman Pulva Filta Respirator,
Lane Respirator,

which latter type we have standardised throughout our
Companies. It is not perfect, but is the best we have
yet been able to find. It is manufactured by

The Chloride Electrical Storage Co.Ltd.,
Clifton Junction,
Manchester,

and sold at 10/6d each.

Enclosed herewith I am sending my sample "Lane"
Respirator, which I should like to have back when you
have finished with it. I have had this for some time,
and believe that several minor improvements have been
made with recent makes.

Thanking you for your kind wishes which I heartily
reciprocate, I remain,

Yours sincerely,
