

Occidental Chemical Corporation

RECEIVED

NOV 12 1985

CHEMICAL TECH. DEPT.
SARNA

To: John Anderson
1986 VCSA Chairman

Nov. 7, 1985

John, in the event you have not heard of it, the attached on Formosa Plastics sort of sums up their situation.

For 1986 VCSA, the transfer in & del. city of Larry Peyton may cause a problem on the "Program".

May be wise for you to contact him. If he is going to be all tied up (and he may well be) with re-viving the ill-fated plant, he may not have time to get up a Program with Ola - may require a substitute.

Regards,

Joe King
