## The "Brass Tacks" Approach

Is to get down to fundamentals. What equipment will collect dust particles in the sizes that count, with an efficiency you can count on, and at the most practical cost. . . . For economy, a system's got to be simple—without moving parts or need for maintenance. That means a Buell van Tongeren Cyclone, if you really want to trap the low-micron fines, too. Only the van Tongeren has the Shave-off, to put it in the high efficiency class. A Buell catalog makes this all plain. Write for one, its "brass tacks" approach makes it easy to read.

## New Equipment

(Continued from page 122)

one man can handle gases that would otherwise require four. Designs are available that are readily converted into a self-propelled tractor that may be used to drive a snowplow to clear a path 4 ft wide, 18 in. or more deep. Payne Dean & Co., Madison, Conn.

### Soap Dispenser

ALL PLASTIC, lock-equipped, powdered soap dispenser permits checking contents at a glance. Manufacturer claims shock-resistant amber plastic withstands repeated hammer blows. L. E. Hicks & Son, Inc., 507 S. Grove Ave., Oak Park, Ill.

### Gum Solvent

NONCORROSIVE, gum solvent removes, according to its manufacturer, tars, gums, other binders that settle out in a liquid fuel system. It is further claimed that TANK-KLEEN serves equally well as a conditioner or a preventative. Dept. 101, Celco Corp., 110 E. 42nd St., New York 17, N. Y.

### Pneumatic Transmitter

IDENTIFIED AS MODEL 42, pneumatic transmitter is designed for transmission of process measurements, such as flow, static, or differential pressure, liquid level, temperature or humidity. It is an Indicator instrument, available with either eccentric or concentric scale, both being designed for easy reading. Instrument is an improved design of the previous Foxboro transmitter, most important change being a completely new transmitting element that is exactly duplicated in receiving instrument. The new design simplifies calibration. Foxboro Co., Foxboro, Mass.

### Flexible Tubing

RONAPLEX TUBING consists of a tough rubber tube protected by a strong steel-wire braid to withstand abrasion, severe wear and pressure. Tube is made of specially compounded synthetic rubber to resist oil

## ECONOMICAL

# Pre-Engineered TEXROPE V-BELT DRIVES

Now as Easy to  
Select as Numbers in  
a Phone Book!

**This New Manual** is the most complete, most usable V-belt drive engineering handbook ever compiled.

It puts at your fingertips *all* the information you need to solve any V-belt drive problem—quickly, correctly. It contains:

**Pre-Engineered Stock Drives** from 1 to 150 hp, that solve 90% of all applications. Edge-indexed for quick reference—turn to the page, read off the one BEST drive for your needs.

**Engineering Tables** . . . drive selections . . . sheave dimensions . . . general information . . . conveniently arranged for easy use in figuring any *special* drives not covered in Pre-Engineered drive tables.

Only Allis-Chalmers, originator of the multiple V-belt drive, can offer you such a book. It's the result of 23 years of industrial V-belt drive experience, and the greatest engineering talent in the business!

Copies have been mailed to many Texrope users. If you do not have a copy, write for Textbook No. 20P40. A 2336

Texrope, Super-7, Teastel, Teadrive, Magic-Grip and Vari-Pitch are Allis-Chalmers Trademarks

# ALLIS-CHALMERS

Over 100 Years of Industrial Power Equipment — Leaders of All in Range of Industrial Products

TEXROPE  
.. Greatest  
Name in  
V-Belt Drives

"Super 7" V-BELTS  
Five Types — Sizes  
to suit every power  
transmission job.

Teastel, Teadrive,  
"Magic-Grip"  
— sheaves in a full  
range of sizes,  
grooves.

"Vari-Pitch"  
SHEAVES  
Exact variations in  
speed, stationary or  
motion control.

SPEED  
CHANGERS  
Speed variations up  
to 375% at the turn  
of a crank.

ENGINEERING  
Finest V-Belt engineering  
talent in the  
world—at your call.

TEXROPE "Super 7" V-Belts result from the cooperative research of two great companies—Allis-Chalmers and B. F. Goodrich. They are sold only by A.C.

A CENTURY OF SERVICE  
to Industry  
and the  
American Great
