Subject: TALC PRODUCTS

Johns-Manville should not sell talc products in situations where we have reason to believe that the end use will be in the cosmetic industry. Illustrative is the case of Charles B.Chrystal Co. Inc., which we have recently learned resells the talc for the use in dusting powder or baby powder in South America and Latin America. J. Brooks and A. Finkbiner have already notified Charles B.Chrystal Co. Inc. of this decision, which in all cases should be effective immediately.
