To: VCM Personnel

Subject: VCM Supervisor Staffing

This notice serves to inform you that H. M. (Harry) Keating is now on a training assignment in preparation to assume my duties as general operating supervisor of the VCM Unit. This is part of a rotational training program for general operating supervisors in this plant. It is planned that Harry will assume full charge of VCM within four to six months, at which time I will be transferred to another unit. Harry was formerly the general operating supervisor of Dept. 41.
