Dear Doctor Cole:

The Eastern Regional Conference on Childhood Lead Poisoning is now history and the Delaware Chapter of the American Academy of Pediatrics would like to thank you for making it a success.

Those of us who worked to put the program together never envisioned it to be more than a small step towards the eventual eradication of this preventable disease. I think we made that small step, and I am proud to say that I was a part of it. I trust you share this feeling.

The Lead Industries Institute of New York City has agreed to publish the proceedings of the Conference for the benefit of those unable to attend personally. As a Conference participant, you will, of course receive a copy of the proceedings as soon as they are made available.

Again, thank you for taking the time out of your busy schedule to share with the Conference participants your particular knowledge concerning the disease. Without you I am sure the program would have been something much less.

If you incurred any expenses in attending the Conference, itemize them for me and I will see that a check is mailed to you immediately.

Sincerely yours,

Martin G. Dale
