Dear Dr. Kehoe:

Re: [REDACTED] vs Rowe and Standard Oil Company

I am in receipt of your letter of December 28th
and am returning my letter of December 20th to you.

I am sending a copy of my letter to Mr. Hall with
a request that he write you and give you the particulars precisely
for your files. The information in my letter is as he gave it to
me. I infer that the reversal was on the ground that plaintiff
had not proved relationship of master and servant between him and
the Standard Oil Company.

With best wishes for the New Year, I am,

Sincerely yours,

JDC-GCB.

Dear Dr. Kehoe:

Re: [REDACTED], Jr. vs E.W. Rowe and
Standard Oil Company

Mr. Edward S. Hall told me over the telephone this afternoon that the \$60,000.00 verdict recovered by the plaintiff in this case was reversed by the Supreme Court of South Carolina, and the case has been sent back for a new trial. The reversal was not⁷ on the ground that the plaintiff did not prove that his lead poisoning was received from Ethyl Gasoline.

Mr. Hall thinks that on a new trial plaintiff will be unable to prove relationship of master and servant or principal and agent between himself and the Standard Oil Company.

Very truly yours,

JDC-GCB.
