DOCUMENT DESCRIPTION: Letter to Dr. Vorwald from J.P. Woodard

April 19, [illegible]

Dr. A. J. Carlson, Director
The Carlson Laboratory
Carlson Lane, New York

VOTED
E

Dear Eric:

Will you kindly tell me when the report on "Selective Pharmacodiuretics" will be in the hands of the publishers? You will recall publication was to be in the Journal of Industrial Hygiene.

Dr. Vandiver Brown and I are being continually bombarded with requests from the various subscribing companies asking about the publication of this long-delayed report, which is vital to the interests of these companies. Frankly, the situation is getting more and more embarrassing.

So that I may reply to a rather insistent letter just received, would you please tell me when the report will be available to the publisher?

With very best wishes,

Yours sincerely,

J. P. Woodard
