DATE: 1964 Aug 7

DOC#: ICD059

DOCUMENT DESCRIPTION: Agenda and Registration for IDCNA 9th Annual National Meeting - Oct, 1964

INSULATION DISTRIBUTOR-CONTRACTORS
NATIONAL ASSOCIATION, INC.

1425 CHESTNUT STREET, PHILADELPHIA, PA. 19102

TELEPHONE: LOCUST 3-9066

ELLWOOD F. JONES
EXECUTIVE SECRETARY

August 7, 1964

To all members of the IDCNA Board of Directors - present and past:

This is the first report of your Annual Meeting Committee for the Ninth Annual National Meeting - Fairmont Hotel, San Francisco, October 26th to 29th, 1964.

Monday - October 26th will be reserved for
The Board of Directors Meeting in
the morning.

Committee Meetings in the afternoon.

Regional Officers Conference in the
afternoon.

IDCNA's Welcome Hour in the evening.

Tuesday - October 27th Will be the opening session - 9AM to 1 PM.

Manufacturers Reception in the evening.

Wednesday October 28th will be the second session - 9AM to 1 PM.

Dr. Kenneth W. Smith, MD of JM will
speak on "ASBESTOSIS"

Dinner dance in the evening. IDCNA will
be host.

Thursday - October 29th will conclude the meeting - morning &
afternoon. Dr. Emel A. Tait, Professor
of Economics of North Carolina State
College will speak at both sessions.

IDCNA has now reached an all time high in membership. This
is the result of affiliation by five of the regionals. There will be many
new faces attending this meeting. Many of them are coming to see what IDCNA
accomplishes at its conventions.

So, we ask all of you to act as a GREETING COMMITTEE. Intro-
duce yourselves, shake hands, and greet their ladies. Let's make this meeting
the most cordial.

CRMC-IDCNA-000431

reported that there was remarkable interest in the Association by the manufacturers and suppliers (Associate Members). This increased interest has been sparked by OUTLOOK and the new progressive image it has developed. The Associate Members want to take a more active part in the Association, and the Board requested that our legal counsel look into the possibility of closer cooperation.

Mr. Luse concluded his report with the request that a new chairman be appointed to head this Committee and that he would also like to hand over the reins of Treasurer and requested that the President appoint a replacement.

By-laws

Homer Porter, Chairman of the Committee on By-laws reported on the activity of this Committee in their efforts to update the By-laws. After much discussion the Board accepted their recommendations. Copy of these revised By-laws is attached.

Nominating Committee

Past President Dixon reported that the Nominating Committee recommended that Vice President Brodie be elected to the office of President-Elect. A motion to this effect was made and seconded and unanimously approved.

Mr. Dixon stated that in line with the new By-laws the Committee recommended that Richard Stapleton of Johns-Manville be appointed to represent the national contractors as an At Large Member. A motion to this effect was made and seconded and unanimously approved.

Occupational Health and Safety

In the absence of Don Bradshaw, Chairman of the Committee on Occupational Health and Safety, who was attending a meeting of the AICWS region, the report of this Committee was presented by Gordon Harrison as follows:

Occupational health must be solved by using a basic product that does not cause a health hazard and we should encourage the manufacturers to develop such "safe" products, even to the extent of refusing to handle high risk products.

We should encourage annual physicals for our men with x-rays every five years for new men and every two years for 10-20 year men.

General discussion followed with Bill Bayer stating that their group had tried to get satisfaction from the manufacturers and had made little progress. Thus, IDCNA must do it - must take the lead. It was felt that education was most important in solving this problem and also emphasized a need for the Industry Fund now being discussed.
