Hi [REDACTED]

Good to have you visit earlier this week and look forward to welcoming back in the future, appreciate there is quite a lot to take in.

Please see attached presentation slides. We have removed some slides due to confidentiality but if there is anything specific you need, please get in touch.

Some of the additional information requested on Tuesday will form part of the Regulation 61 response e.g. PFOA concentration at W1 discharge, but if there is anything specific you need in advance of submitting the Regulation 61 response please let us know.

We'll review the updated draft Regulation 61 document and contact you separately on this.

Kind regards,
