Hey Kurt,

You are confirmed for a 30 minute meeting on Wednesday, October 17th at 10:00am with Mandy.

Directions and procedures to 1200 Pennsylvania Avenue NW:

Metro: If you come by Metro get off at the Federal Triangle metro stop. Exit the metro station and go up two sets of escalators to the surface level and turn right. You will see a short staircase and wheelchair ramp leading to a set of glass doors with the EPA logo - that is the William Jefferson Clinton Federal Building, North Entrance.

Taxi: Direct the taxi to drop you off on 12th Street NW, between Constitution and Pennsylvania Avenues, at the elevator for the Federal Triangle metro stop - this is almost exactly half way between the two avenues on 12th Street NW. Facing the building with the EPA logo and American flags, walk toward the building and take the glass door on your right hand side with the escalators going down to the metro on your left – that is the North Lobby of the William Jefferson Clinton building.

Security Procedures: A government issued photo id is required to enter the building and it is suggested you arrive 15 minutes early in order to be cleared and arrive at the meeting room on time. Upon entering the lobby, the meeting attendees will be asked to pass through security and provide a photo ID for entrance. If you are a foreign national entering on a non-US passport, please let us know in advance, as there is a separate clearance process.

Upon arrival, let the guards know that you were instructed to call 202-578-5985 for a security escort.

Best,
Alex

Hey- apologies for delay and thank you for following up. I'm in Texas today but back tomorrow. Does Wednesday morning work-around 10?

Hi Mandy,

Just checking back in on this. I don't mean to pester you, but I would appreciate just a few minutes to get an update on timing on a number of issues. I presume you've now got E15 on your plate, so I promise I'll be brief.

Thanks,

Kurt

Subject: catch up

Hi Mandy,

I hope you're doing well. I'm writing to see if you'd have time for a quick meeting or call early next week? I was in to see Adm. Wheeler and Ryan Jackson briefly last week and we had a very good and productive discussion.

I'd like to catch up with you on a few things, namely timing on RVO's, timing on Reset, etc. I'm pretty wide open on Monday afternoon, Tuesday morning and all day Wednesday.

Thank you for your consideration.

Best regards,

Kurt
