NEG. NO. S-11

TRADEMARK FILE INFORMATION

Trademark:	AO & Design
Trademark Owner:	American Optical Company
Last Assignee:	American Optical Corporation
Date of First Use in Commerce:	September 11, 1944
Registration No.:	631,820
Date Trademark Registered:	July 31, 1956
Size of Label in Trademark File:	N/A

Receipt of Pictured Label by Patent Office: N/A

AO Safety Products

ASBESTOS AND HEAT GLOVES AND MITTENS

• *TOTAL PROTECTION – TOTAL COMFORT*

Asbestos gloves and mittens are recommended for operations requiring protection from heat. They are made of the finest grade of long fibered asbestos. The yarn is closely and tightly twisted in a plain weave design. All closing seams are double-stitched — not standard with most glove manufacturers. AO gloves are made to our own design, with one seam down the back of the hand, none along side of the hand.

AO asbestos gloves and mittens are all comfortable and roomy, made with an opening wide enough to assure putting them on easily, yet they cling closely to the sleeve or arm, guarding against sparks or splashes of hot metal.

For additional insulation, comfort and perspiration absorption, we recommend asbestos gloves or mittens be lined.
