

July 27, 1970

Dr. A. Bala
Research Assistant
Louisiana State University
Department of Entomology
402 Life Sciences Building
Baton Rouge, Louisiana 70803

Dear Dr. Bala:

Thank you for your letter of July 21 in which you requested additional samples of Aroclor 1221.

Under separate cover I have arranged for an additional supply of this material for your use on mallard ducks.

If I can be of further assistance, please let me know.

Sincerely,

W. B. Papageorge
Manager
Environmental Control
