INITIAL DETERMINATION OF
AIR-BORNE CONTAMINANTS

A subcommittee within the OSHA Committee has been assigned to review and recommend a detailed monitoring plan for air contaminants at the Technical Center. Subcommittee members are:

Dr. B. J. Bland - Chairman
Mr. W. C. Fuqua
Mr. E. S. Ramey
Mr. D. A. Reck

OBJECTIVE

1. To identify specific chemicals (including the area) where analytical monitoring is required under OSHA Standards and voluntary guidelines.
2. To determine a priority level for monitoring, including needed equipment and manpower cost estimates.
3. To outline a detailed plan for personnel and area monitoring.
4. To review the subcommittee findings and make recommendations to the Directors on or before April 1, 1977.
