RE: WORKMEN'S COMPENSATION

Attached is the original copy of the letter we received from the Director of Self-Insurance, New York State Workmen's Compensation Board, informing us that Messrs. Gentile and Yost will visit Massena on Thursday, October 14, 1965. You most likely have received your copy of the notice of the visit directly from the Director. We have made a copy for our files.

If during their visit they discuss with you the "dust occupation" questionnaire, anything pertaining to the partial disability for silicosis or other dust diseases, or related subject matter, please let us know the areas discussed and the results.
