11545 Sorrento Valley Rd.
Suite 308
San Diego, CA 92121

Dear Bob:

The interim testing program was completed on schedule October 15. I would like to commend Colleen Price for an excellent job. Colleen's flexibility with respect to our schedule was appreciated. This type of interim testing program worked well for the VCM Plant.

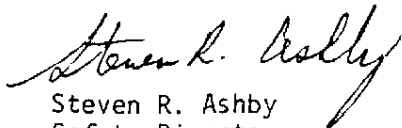

It is my understanding that the testing results will be available within three weeks following completion of the testing period. This timing is important as Dr. Massad will be in the Lake Charles area the weeks of November 1 and November 9, 1981. In order to effectively schedule the hands on portion of our testing program I will need the test results on or before November 9, 1981.

Please send the test results in care of Dr. W. W. Massad to the following address:

Conoco Chemicals Co.
Lake Charles VCM Plant
P.O. Box 605
Westlake, LA 70669

I look forward to again working with you and appreciate your assistance.

Sincerely,

Steven R. Ashby
Safety Director
L.C. VCM Plant
