Mr. R. E. Cowden,
714 Dayton Savings Bldg.,
Dayton, Ohio.

Dear Mr. Cowden:

Sometime ago I made a very careful examination of Mr. [REDACTED], and made certain recommendations in his case. My point of view has not changed since that time. However, I shall be pleased to arrange to see him with Dr. Brower.

So far as my present calendar is concerned, I find I could arrange this meeting any day during the coming week. I would appreciate very much knowing at least one day in advance when the appointment has been arranged. If anything should happen in the meantime to make it impossible for me to be present, I will have one of my assistants take care of the matter for me and will provide him with my complete records and conclusions.

Very truly yours,
