

ETHYL GASOLINE CORPORATION

CHRYSLER BUILDING
135 EAST 42ND STREET

NEW YORK June 13, 1930.

INTER-OFFICE
CORRESPONDENCE

Dr. R. A. Kehoe,

Dear Dr. Kehoe:

Ed Walter and I have been discussing your letter of June 11th this morning reporting on several infractions of your rules covering the handling of ETHYL fluid mixing with gasoline which were found at Neodesha, Cushing, El Dorado, Shreveport and Cleveland.

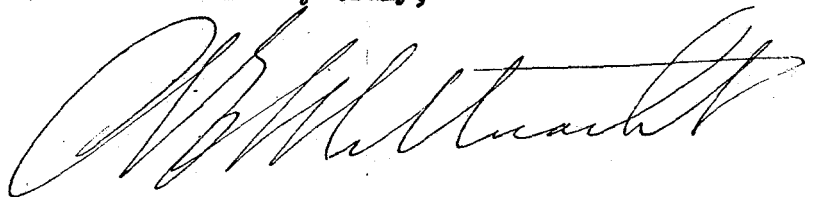

I am writing our division managers today on this subject asking that they take immediate action to see that the necessary steps are taken to correct the situation, and report fully to me on it. As soon as I receive their advice I will pass it along to you.

We are only too glad to have your comments on these mixing installations and assure you we will have our division men give them immediate attention.

I think it is best to let these reports come to me although of course I will call in Ed Walter to assist me where necessary.

With best regards, I am

Yours very truly,

C:C
