Expansion Joint			
Hanger or Support			
Heat Exchanger			
Heat Transfer Surface, Plan (Indicate Type Such as Convector)			
Pump (Indicate Type Such as Vacuum)			
Strainer			
Tank (Designate Type)			
Traps			
Boiler Return			
Blast Thermostatic			
Float			
Float and Thermostatic			
Thermostatic			
Unit Heater (Centrifugal Fan), Plan			
Unit Heater (Propeller), Plan			
Unit Ventilator, Plan			
Pumps			
Pump, Service			
Pump, Air			

Pump, Circulating Water

Pump, Boiler Feed

Pump, Condensate

Pump, Reciprocating

Dynamic Pump, Air Ejector

Air Circulating Equipment

Fans and Ventilators

Fan and Motor with Belt Guard

Unit Ventilator, Plan

Fan Motor

Ductwork

Direction of Flow

Duct, Width X Depth

Supply Duct, Section

Exhaust Duct, Section

Fresh Air Duct, Section

Recirculation Duct, Section

Other Ducts, Section

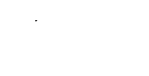

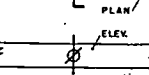

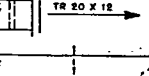

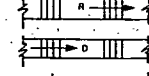

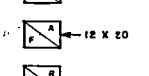

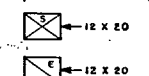

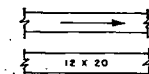

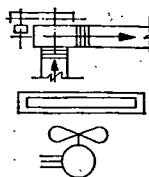

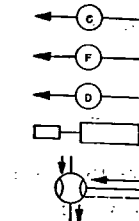

Inclined Rise, in Respect to Air

Inclined Drop, in Respect to Air

Canvas Connection

Adjustable Blank-off

Volume Damper

Abbreviations and Symbols

Automatic Damper

Deflecting Damper

Deflecting Damper Up

Deflecting Damper, Down

Vane

Grilles, Registers, Diffusers, Etc.

Louver Opening

Intake Louvers and Screen

Adjustable Plaque

Register
Grille

Top Register or Grille

Center Register or Grille

Bottom Register or Grille

Top and Bottom Register or
Grille

Ceiling Register or Grille

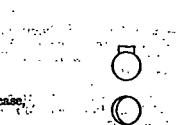

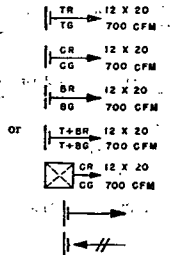

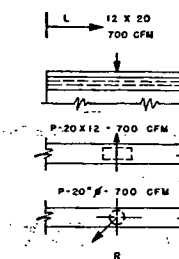

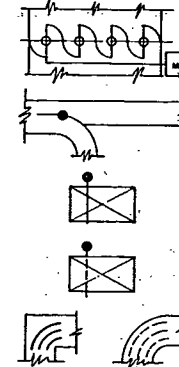

Supply outlet

Exhaust inlet

Compressors

Compressors (pump only)

Compressor

Compressor, Enclosed Crankcase,
Rotary, BeltedCompressor, Open Crankcase,
Reciprocating, BeltedCompressor, Open Crankcase,
Reciprocating, Direct DriveMotor Compressor Units
