Above prices subject to regular order premium discounts and conditions outlined in our "Trade Sales Line" Dealer Price List dated May 17, 1937.

The prices shown in this list are Base prices. Net prices lower than these base prices will be earned by the dealer depending on the total gallonage of allowable products on each individual order placed by him. These order premiums are shown below.

Products

Only products shown in this price list, and in the "Trade Sales Line" Dealer Price List dated May 17, 1937, can be used in computing the total gallonage of an order. Such products as White Lead in Oil, Household Cement, etc., which are not printed in these price lists, cannot be included in computing total gallonage on an order.

Order Premiums

The premiums below will be granted on the face of each invoice depending on the total gallonage of all allowable products, regardless of package sizes and colors included in the order. In the price list each product is identified by a group letter indicating the proper discount group for order premiums.

	Group A	Group B
0 to 11.99 gals.....	7%	12%
12 to 23.99 ".....	10%	15%
24 to 47.99 ".....	12%	17%
48 to 83.99 ".....	13.5%	18.5%
84 gals. and up.....	15%	20%

These premiums will apply only on one order for shipment at one time to one point. One order for shipment to two points constitutes two orders as far as calculation of premiums is concerned. One order for shipment on two different dates or via different routes constitutes two orders in computing premiums.
