Mr. Vandiver Brown, Secretary
Johns-Manville Corporation
22 East 40th Street
New York 18, N. Y.

Dear Mr. Brown:

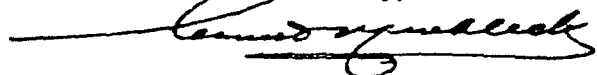

Many thanks for your letter of April 30th in reference to the impending report on Dr. Gardner's asbestos dust experiments.

The information which you give me in your letter clarifies the situation in my mind. I suggest that a committee of four representatives be appointed from the four companies who contributed the most, namely, Johns-Manville, Raybestos-Manhattan, Southern and Keasbey & Mattison, for the purpose of reviewing the report prior to its being released to the entire group.

If you and Mr. Rohrbach are agreeable, all that remains is to contact Southern Asbestos, in the first instance, and then for each one of our four companies to appoint a representative.

Awaiting further word from you and with best wishes, I remain

Yours sincerely,

President
