RE: OCCUPATIONAL DISEASE CLAIMS FILES

Dear Mr. Angerstein:

It is my impression that the X-ray films mentioned in Mr. Haines' letter of February 12, 1959, are those our company gave to Tom to help him with a paper he planned to write on Asbestosis. As I recall it, upon completion of his work he planned to forward these records to interested associates.

I agree with Bill Haines as to the exceptional value of these records; however, our company will not do anything with them and does not want them.

If you or Mr. Haines cannot find a good use for them, it would probably be best to destroy them.

Please advise the final disposition of this matter.

Sincerely,

E. A. HAINES
Industrial Relations Director
