Dear Mr Selby-Boothroyd,

I am replying rather tardily I am afraid to your letter of the 6th September. Tardily because I wanted, before replying, to have a brief word with one or two people in the asbestos industry.

We all thought that the clarification that you were able to bring to the background of our Danish problem was most useful.

Since we last corresponded, Dr W Holmes, Secretary of the Asbestosis Research Council, has had an opportunity of meeting Dr Aage Grut of the Danish Department of Occupational Health, who visited London last week. Dr Grut, later the same day, visited Dr Buchanan at Baynards House (Department of Employment and Productivity).

Dr Grut has in mind the formulation of Asbestos Regulations for Denmark on rather simpler lines than the Asbestos Regulations recently produced for the U K. Dr Grut is forming a small committee in Denmark to establish the right guide lines and has it in mind to ask Dr Holmes to join this committee.

Again, many thanks for your help.

Yours sincerely,

W P HOWARD
Secretary
