Dear Joe:

As per our phone conversation last week, this letter will confirm the dates selected for the first REOHH/Environmental Management Awareness Course offering for 1985.

Date: April 22-26, 1985
Location: AT&T Technologies Corporate Education Center
Carter Rd., Hopewell Township, NJ

As it now stands, approximately 10-15 Regional Safety Coordinators are projected attendees.

Since it is anticipated that this upcoming season will parallel the July-August 1984 course, I have attached a copy of that Seminar Schedule for your review.

We at Bell Laboratories will be available to meet with you to discuss any changes, revisions, and/or modifications to the attached. I have tentatively targeted the weeks of either March 18th or March 25th for a pre-course discussion.

Once again, we look forward to continuing to provide a successful and beneficial training and education service.

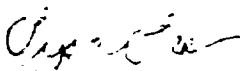

Please contact me at your earliest convenience to arrange a mutually agreeable meeting date.

Sincerely,

Att.
