I'm happy to try to accommodate that. Would Friday work as well?

Ryan: Congrats on Climate Change EO announcement. Heard it was a good event from our client Paul Bailey. I know you are slammed but wanted to put this back on your radar about a possible meeting next Thursday with Monsanto.

Thanks again for your consideration.

Ryan: I hope you are doing well, and congrats on your new gig. I am sure it is very exciting and definitely busy. I represent Monsanto and Dr. Philip Miller, the VP for Corporate Affairs (bio attached) is going to be in DC next week and I was wondering if you and your folks had time for a short meeting for the morning of April 6<sup>th</sup>. We would like to cover the following:

1. EPA Reform:
  - a. Getting back to science based regulations and timely approvals
  - b. Pesticide Registration Improvement Act (PRIA) delays and concerns
  
2. Budget: Ensuring enough resources are dedicated to OPP to carry out their statutory obligations
  
  
3. RFS

I know you are swamped so I appreciate your consideration of the request. Let me know if you can find some time next week.

Thanks

Rob
