NEW DELHI—(UPI)—India exported more than \$1 million in plastic goods during the first 10 months of last year.

Deputy Commerce Minister Satish Chandra told Parliament the bulk of the plastics went to the United Arab Republic and Aden.

KCBS' AM station, knocked off the air by a fatal auto crash on Highway 101, resumed broadcasting at 1:45 p. m. yesterday after 20 hours and 45 minutes of silence.

Three women were killed when a car driven by Elmer

Joseph Hannan, 55, Petaluma rancher, crashed into a utility pole at 5 a. m. Friday.

The impact knocked out a 12,000-volt power line feeding the giant KCBS transmitter east of the highway. The line fell across a 60,000-volt line, causing a surge of power which burned the station's underground cable.

Pacific Gas and Electric Company crews worked through the night laying a temporary cable above ground. A spokesman said it is impossible to determine how long it will take to repair the underground cable.

The blackout was the longest in the 50-year history of the station.

The women killed in the crash were Mrs. Freda W. Hannan, 56, the driver's wife; Mrs. Rose Hannan, 77, his mother, and Mrs. Genevieve Beffa, 58, his sister.
