Hilton C. Lewinsohn - Biographical Sketch.

Qualifications: MB BCh., FCCP, MFOM(RCP), DIH.

Dr. Lewinsohn graduated from the University of the Witwatersrand, Johannesburg, South Africa, in 1952. While training in South Africa he developed an interest in chest medicine and proceeded to educate himself further in this field in both England and the United States during the period 1956 through 1963. During that time he worked at The London Chest Hospital in England and at Albert Einstein College of Medicine in New York.

In 1963 he returned to England from this country to work as a Member of the Pneumoconiosis Medical Panel in Manchester. In 1966 he joined Turner Brothers Asbestos Company Limited, a subsidiary of Turner & Newall, where he held the title of Chief Medical Officer. Dr. Lewinsohn was employed by TBA until he returned to the USA in 1976 as the first full-time Corporate Medical Director of Raybestos-Manhattan, Inc. (now known as Raymark Corporation). He worked briefly as Corporate Medical Director for Perkin-Elmer Corporation from 1981 through 1982, and since July 1982 has been Assistant Corporate Medical Director for the Union Carbide Corporation, Danbury, Connecticut.

His publications number in excess of 20 and he has been a frequent speaker and participant in many international meetings. He is the Chairman of the American Occupational Medical Association's Committee on Occupational Lung Disorders and a member of the American College of Chest Physicians Steering Committee for the Section on Occupational and Environmental Health.
