MEMORANDUM TO THE DEPARTMENT OF TRANSPORTATION

SUBJECT: Guidance Regarding Section 7 of the Executive Order *Unleashing American Energy*

Section 7(a) of the Executive Order signed January 20, 2025, entitled *Unleashing American Energy*, requires a pause on certain funding to align such funding with policies established in section 2 of that Order. The Director of OMB and the Assistant to the President for Economic Policy have determined in the interim that disbursements from DOT shall continue, in accordance with established procedures, pending further guidance to achieve the section 2 policies. These policies include eliminating the electric vehicle mandate and promoting true consumer choice and eliminating ill-conceived government-imposed market distortions.
