Subject: Update

Hi all. I apologize for an impersonal email out of the blue, but I wanted to give you a heads up on my new job before it goes public tomorrow.
Next week I start work with the Glover Park Group's government affairs shop here in D.C. I'm excited about the opportunity to join their successful team and represent some wonderful clients in the food and ag space and beyond.

As soon as I am settled in next week, I'll send my new contact info and other details. Many of you have been helpful to me during this transition. I appreciate the beers, coffees, lunches and emails with guidance and suggestions along the way. Thank you!

Wish you all the best and have a great 4th!
