Thanks for meeting earlier...to summarize:

1. Peter to provide scope document
2. Dan, Peter, and Steve to schedule kickoff meeting. I am in LA from 2/2 until 2/12, so hopefully before then; I can also call in if remote and have other team-members attend.
3. TBC to provide updated construction plans with spurs by Thursday
4. In addition to NEPA, in Paragraph 3 of Page 3 of the NPS letter, NPS mentioned additional concerns w/ the legal description. Bob V. said Peter would be able to tell us what these were, as our team is not aware of any deficiencies. Peter, can you please help clarify?

Did I miss anything?

Thanks,
Steve
