18 March 1977

Jerry Krause
Projects Manager
Mining Division
Colorado School of Mines
Research Institute
P.O. Box 112
Golden, Colorado 80401

Dear Dr. Krause:

(abstract only)

Your paper has been accepted for presentation in the Symposium on Electron Microscopy and X-Ray Applications to Environmental and Occupational Health Analyses, April 25, 26 and 27, 1977, and has been published in the preliminary program announcement. The registration fee for the individual presenting an overview or paper will be waived.

The final draft for proceedings publication will be due May 30, 1977, and will be published as an extended abstract. The paper will, at maximum, be five pages in length and in camera-ready format. For example, 3-1/2 pages could be used for single spaced text, 1/2 page for references cited and 1 page for figures. More specific typing instructions are attached. An excellent guide on format is presented in the Council of Biology Editors Style Manual. If you have any question, please contact me at 303/753-2438.

P. A. Russell
Program Cochairman

PAR/mc
Enclosures

P.S. Your presentation should be 20-25 minutes in length, with 5-10 minutes for discussion.
