FOSECO, INC.

INTER-COMPANY AND INTER-DEPARTMENTAL CORRESPONDENCE

TO: Kurt Toher

FROM: Faithe Habeeb

DATE: July 27, 1971

SUBJECT: Armco-Middletown/Asbestos free material

Armco-Middletown material is to be run on a production basis in ED5297 (paper containing recipe-no asbestos) until further notice.

Until our inventory of asbestos material is depleted, we will ship 50-50 asbestos and non-asbestos. In other words, we are not to ship all asbestos material and then change to asbestos free. They would like to have both materials in the mill until the asbestos free material is proven 100 % capable on a production basis.

For identification purposes, can we instruct the packers to put "AF" on the labels preceding the Hot Top number.

Example: AF 341-0033-1P
(on asbestos free material)
