Mr. Joseph R. Marce
Marce-Gropps
2240 Chamber of Commerce Bldg.
Houston, Texas 77002

SUBJECT: Arcelors

Dear Joe:

I have asked the Medical Department to forward to you the information you required concerning the toxicological properties of Arcelors.

As to the particulars of where and how the reported pollution occurred, I have no information and, so far, have not been able to get any leads. However, as you are aware, we do produce Arcelors in England.

You should be hearing from Elmer Wheeler in the Medical Department shortly.

Best regards

W. R. Hisset
Business Director
Industrial Chemicals
Business Group
