From: Paul A. Wright, Legal Dept., 2030 Bldg. DOW RESTRICTED

SUBJECT: Extension of Comment Period

As expected, EPA has extended the comment period on the HAPs Test rule. The new comment period runs through March 31, 1997. I propose the following schedule for Dow comments. I have not heard how CMA comments are coming.

Jan 30 All Business input on chemical-specific issues due to Paul.
Jan 30 Draft generic issue comments circulated to business representatives.
Feb 14 Draft chemical-specific issue comments circulated for comment.
Feb 28 All comments on both sets of draft issue comments due to Paul & Linda.
Mar 5 Proposed Meeting to discuss comments before final drafting.
Mar 10 Final draft of Dow Comments circulated.
Mar 30 Submit Dow comments to EPA.

The meeting we had scheduled for Jan 10 is now rescheduled for Mar 5, unless I hear that date does not work for some. A meeting notice will go out soon.

Paul
