

**When you buy
titanium metal from Timet,
aluminum from Pioneer,
silver from Goldsmith,
steel containers from Steel Package,
or zinc from the Metal Division
you're buying from National Lead.**

Titanium, aluminum, silver, steel and zinc from National Lead? Not to mention antimony, cadmium, gold, tin, and even depleted uranium. All from National Lead. Actually we market 200 product lines made by more than 50 different divisions, subsidiaries and affiliates—with aggregate sales of almost \$800 million a year. All over the world. It may be that you are buying from one or more of them. If so, you know the reliability of their products. It could pay you to buy other products you

need from National Lead components. For National Lead's corporate leadership is your assurance that each component has the management and the research capability to provide products of unmatched quality to meet your needs for today as well as tomorrow.
