

Is and green countryside make up this view window of a new home y, this view in the Poway area.

Victor Selten, builder of Cabrillo Village, new subdivision on Kearny Mesa, believes he has his latest homes correctly named.

He called them his "executive homes" series, of which there are 125 under construction in the latest unit of Cabrillo Village.

Selten said yesterday that more than half the sales are being made to buyers who are engineers or executives working either at Convair Astronautics plant or other light manufacturing plants on Kearny Mesa.

The homes with which Selten describes as "executive-type features" include two patio areas, a used-brick fireplace, two bathrooms, several built-ins and approximately 1,400 square feet of interior living area.

Furnished models are

open daily at the tract, which is east on Aero drive off Highway 395.
