August Progress Report - Continues

Aberdeen Rail

1. One derailment this month.
2. Loaded VCM cars still a problem. Amount varied from 57-17.

El Dorado Transport

1. Operations normal.

Mobile Transport

1. Operations normal.

Aberdeen Transport

1. Operations above normal on Miles and revenue, below normal in volumes.
2. Outlook for next month to be about the same.
3. Recent information on Mississippi 80,000 lbs. Law to take effect 11/1/81, does not look good for us, it appears that we may isolate from a 80,000 lbs. route. More information to be available next month.

RAIL ACTIVITY REPORT - P. Wells

One derailment occurred 8/13/81 involving one loaded hopper car and partially loaded hopper car. No injuries or material loss involved.

Slowdown week of 8/13/81 due to tying in construction work with operations slowed rail switch activity inside plant.

Congestion continued to be problem during August.

Meeting 8/25/81 with Conoco representative and ICG representatives. Discussed future repair work on Monroe lead and effects on plant operations; switching problems; and congestion problems.

There were 842 car movements during the month of August.
