

INTER-COMPANY MEMO

J R. Harris

DATE JUNE 16, 1992
TO ALL SUPERVISORS
CC: BOB ALLEN
PAT CLEWELL

FROM ^{CH} CURTIS HENSON - TRAINING COORDINATOR
SUBJECT C.P.R. TRAINING

C.P.R. classes are continuing on July 6, 20 and August 3 & 17. It is imperative that employees working with electricity or H²S be trained. The response to this training has been minimal to date. Please take advantage of this opportunity to learn a very important life saving skill. The medical department is currently taking reservations for these classes. Even if you have been certified in the past you will need recertification annually.

If you have any questions please call 8366 or 4767. Thank you.
