

NORTHWEST ENVIROCON, INC.

CORPUS CHRISTI LABORATORY

We are pleased to announce that our laboratory in Corpus Christi has received its' License and authorization from the Texas Department of Health to perform as an Asbestos Laboratory.

License # 30-0017 was issued by the Texas Department of Health on 12/22/92 and allows for the analysis of suspect bulk asbestos samples via Polarized Light Microscopy (PLM) and asbestos air sample analysis via Phase Contrast Microscopy (PCM). Our NVLAP # is 1869 - 01.

We have been located in the Corpus Christi area since 1991 and look forward to providing asbestos laboratory services to you and your company.

Our 1993 Price List for laboratory services is attached for your convenience.

Sincerely,

Tommy White
V.P. National Operations
