

ITINERARY

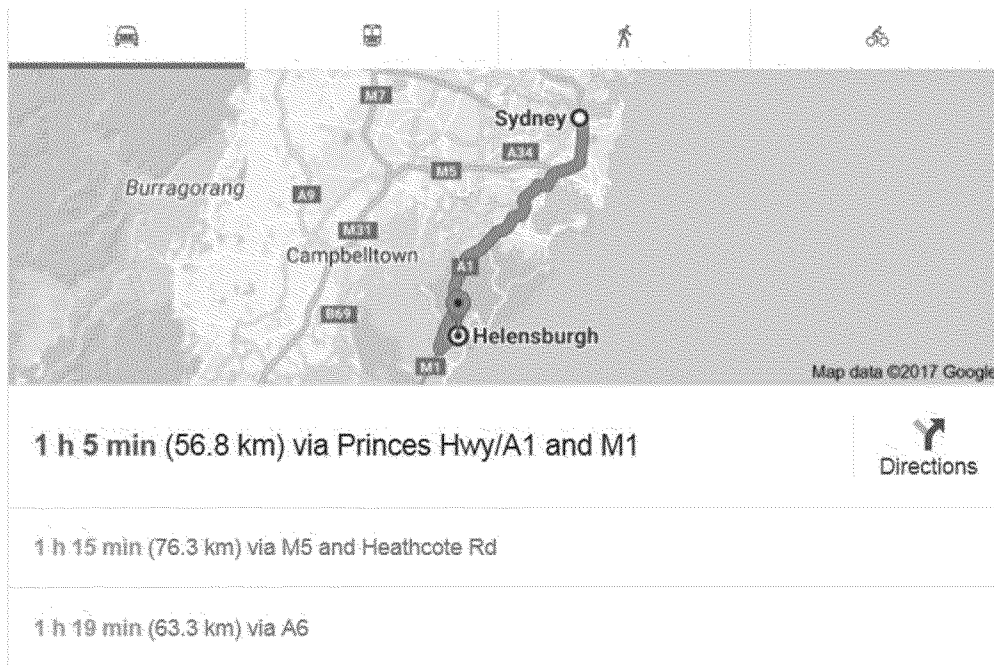

PEABODY SITE VISIT

Scott Pruitt
Metropolitan Mine, Sydney
Sunday 3 September 2017

Peabody Attendees: Michael Flannigan/Ray Shepherd (Peabody US), George Schuller (President Peabody Australia), Peter Baker (SVP Underground Operations Aus), Janette Hewson (VP Government Relations/General Counsel Aus) and Andy Hyslop (Mine General Manager)

Sunday 3 September 2017

Via road transport - Approximately 50 mins - 1 hour each way – (56 km from Sydney)

Site Visit

8.30am Depart Sydney / Drive to Helensburgh
9.30am Arrive Metropolitan Mine / Sign in/ Safety induction
10.00am Presentation on Peabody Australian mines including Metropolitan Mine (morning tea provided) (45 mins)

The presentation will provide Mr Pruitt information on:

- the history of the mine (129 years old)
- the underground operations including the new series of panels currently being mined
- the Mine's management of environmental impacts including mining under the Sydney catchment authority (water source for Sydney), restoration works of the Rivulet and the mine's coexistence with the local community.

10.45 – 11.45 Surface tour including infrastructure (coal handling preparation plant and rail load out facility). *Optional - light lunch can be provided*

Note: Underground tour would add 3-4 hours to the visit including detailed induction, changing into underground uniform, fitting of personal protective equipment as well as need to shower and change at the end of the tour.

12.00pm Depart for Sydney (arrival in Sydney 1.00pm)
