there is a difficulty with the diagnosis.

Q Okay. Dr. Heyman in one of his reports to you also goes through this lengthy discussion about different stains that were needed to determine whether or not Mr. Vandergucht had a mesothelioma, do you recall that report?

A I do.

Q Okay. Did you ever have any discussions with Dr. Heyman regarding what was he talking about, what were all of these stains and what was mesothelioma?

A I don't recall.

Q You just don't remember one way or another?

A I don't remember.

Q Okay. In your deposition you indicated that it was your belief that you had told Mr. Vandergucht about his diagnosis of mesothelioma.

A Yes.

Q But, and I guess like you just told me a few minutes ago, because it was 16 years ago, you don't remember any details about that conversation?
