Dr. Robert A. Kehoe,
University of Cincinnati,
Cincinnati, Ohio

Dear Dr. Kehoe:

We are enclosing herewith, the latest report of the
air analysis in "B Building".

I have your letter relative to your recent inspection
of the lead plants. Mr. Stecher has been in to consult me and
brought his copy of this letter. He is apparently extremely
anxious to cooperate with you and plans to begin the training
of the employees for the new building, at least three months
prior to the completion of the building. His greatest difficulty
at present, is the lack of trained foremen and supervisors.
I believe he is making every effort to train men to fill these
positions as rapidly as possible. We will be glad to see you
on your next visit.

E. E. Evans
