

1 I have a Master of Science degree in
2 pharmacology from the University of California Medical
3 Center in San Francisco, in pharmacology.

4 I have a Doctor of Philosophy, a Ph.D.
5 degree from that same institution in comparative
6 pharmacology and toxicology.

7 Q So am I correct, then, that you got your
8 Master's degree and Doctorate degree from a medical
9 center?

10 A That is correct, sir.

11 Q Were they also teaching medical doctors at
12 that institution when you were there?

13 A Well, they were teaching medical students
14 who were training to become doctors, yes.

15 Q And did you take any classes with those
16 medical students?

17 A The majority of my classes at that
18 institution were taken in conjunction with the medical
19 students, and they were basically all of the
20 preclinical courses that they took and when they moved
21 on to do their clinical courses, I continued to take
